

How Does Your Procurement Organization Spend Its Time?

The Difference Digital Transformation Makes on an Organization

Non-Transformed organizations are flooded with manual tasks leading to less capacity for strategic planning and an overall reactive culture

Alignment

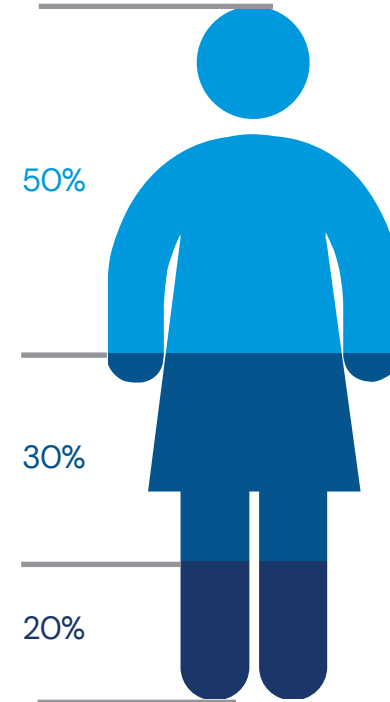

<ul style="list-style-type: none"> Weekly planning Department coordination Management briefings Escalation lists 	<ul style="list-style-type: none"> Strategic planning Inter-departmental alignment Stakeholder adoption Executive briefings
--	---

Communications

<ul style="list-style-type: none"> Status meetings Supplier updates Data gathering Event communication 	<ul style="list-style-type: none"> Stakeholder alignment Exception management Supplier collaboration KPI Review
--	---

Tactical Activities

<ul style="list-style-type: none"> Data cleanup Spreadsheet manipulation Supplier communications Reporting 	<ul style="list-style-type: none"> Escalations Exception management
--	---

Digitally Transformed organizations proactively focus on strategy and optimization through better data visibility and reduced time spent on manual tasks

Non-Transformed Digitally Transformed
